

<b>FINLAND</b>				
<b>SMALL GAME</b>	<b>BIG GAME</b>	<b>NO RESIDENT</b>	<b>BOW &amp; ARROW</b>	<b>LAW</b>
Yes	Yes	Yes	Shooting test is required:	Foreign hunters' hunting cards are ordered through game management associations. Hunting cards are granted to foreign persons for one hunting year at a time, and the card is mailed to the address provided on ordering.
Ducks: Mallard, teal, garganey, wigeon, pintail, shoveler, pochard, tufted duck and goldeneye. Seabirds: Long-tailed duck, red-breasted merganser and goosander. Eider, male Eider, female Coot Greylag goose Bean goose Canada goose Woodcock Black grouse Hazel grouse Capercaillie Willow grouse Ptarmigan Partridge Pheasant Wood pidgeon Northern hare and brown hare Rabbit Red squirrel European beaver Canadien beaver Red fox, blue fox and badger Polecat Pine marten Ermine Otter <b style="background-color: yellow;">INVASIVE SPECIES:</b> American mink and Muskrat Raccoon dog	Deer, red deer, sika deer, roe deer: male female and claf, white-tailed deer, wild boar, mouflon.  It is not allowed to hunt moose, brown bear, wolf, lynx, ringed seal, grey seal with bow and arrow.		The bowhunter have 180 seconds to shoot three arrows at a target with with a 23 cm diameter from a distance of 18 m. All three arrows must hit the target, or at least be in contact with the outer line of the target.  If a foreign bowhunter has a certificate of bow shooting test concerning equivalent size animals from his/her country of origin, then one does not need to pass the shooting test; or if the hunter can show proof that he/she has the right to bowhunt equivalent size animals without a shooting test in his/her country of origin, then there is no need to pass the shooting test.	A foreign hunter must present the executive manager of a game management association a copy of his or her hunting card or other reliable documentation that proves that the hunter has the right to hunt in his or her own country. If a foreign hunter cannot present acceptable documentation on his or her right to hunt, he or she must pass a hunting examination in order to be able to hunt in Finland.  Hunting permits are sold or given by hunting rights holders, such as landowners, hunting clubs and, for state-owned land, the state forest enterprise Metsähallitus.  Small game hunting permits to State lands is required. The duration of the permits is 1–7 days. Small game permits are alternatively sold either for all small game or for other small game than grouses.
			<b style="background-color: #008000; color: white;">SMALL GAME:</b>  The tip of an arrow to be used for shooting	

			<p>small game must be “such that an accurate hit is fatal on impact” = suitable hunting tip, no target point.</p> <p><b>BIG GAME:</b></p> <p>the arrow must have a broadhead with cutting tip with a minimum diameter of 22 millimeters.</p>	<p>A small game permit is personal and is subject to a harvest quota. Those planning to make a hunting trip to Finland should in advance clarify how and for which area they can obtain/buy a hunting permit.</p> <p>The game management association gives a foreigner a shooting test certificate (shooting test reciprocal identification) A fee of € 20 is charged for a shooting test certificate.</p>
